

## Understanding models

*Education in Chemistry*

September 2019

[rsc.li/2VBOrzG](https://rsc.li/2VBOrzG)

Question	Your response
What was the purpose of the model?	
What scientific concept was the model showing?	
How is this model similar to real life?	
How is this model different to real life?	
What questions do you have after being shown this model?	
Could you create a different model? If yes, what would you do?
