

Understand what your pupils know

Education in Chemistry

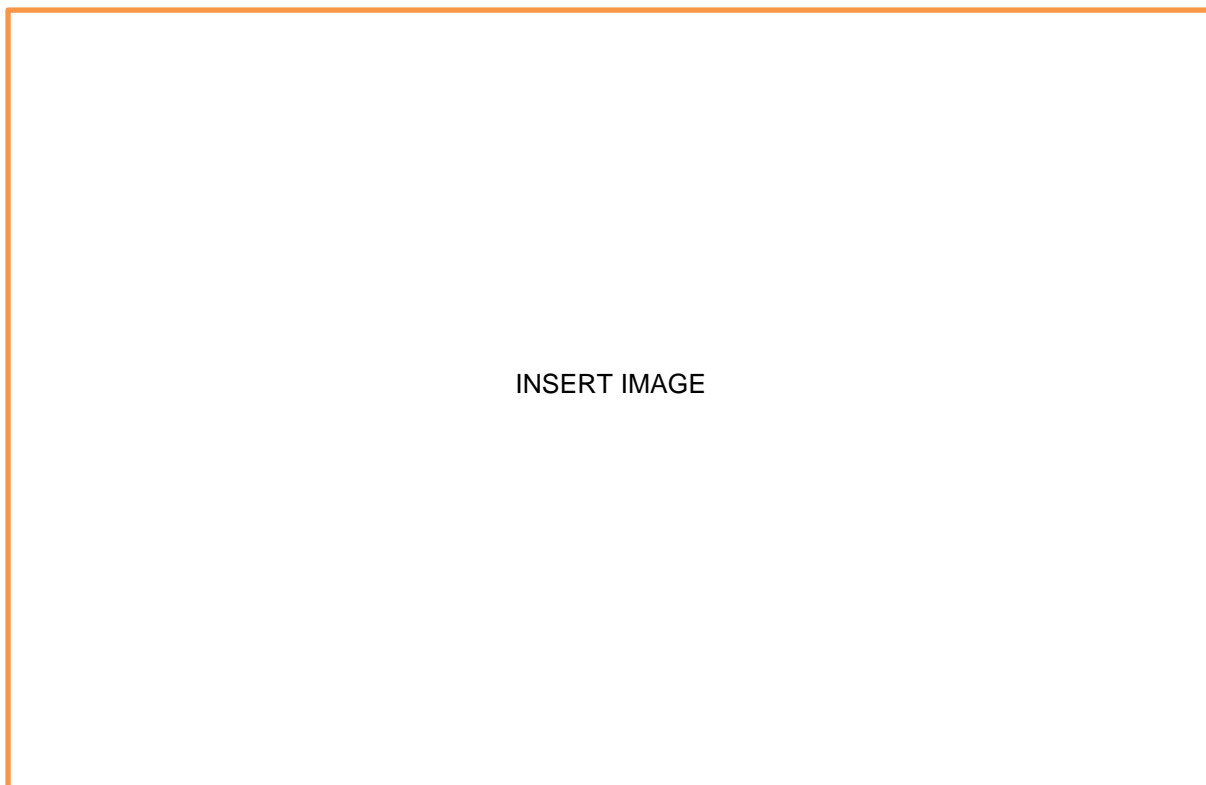

September 2019

rsc.li/2KSkz1k

You can use these two templates to produce worksheets for your pupils to aid teacher diagnosis and self-diagnosis.

MFIs: My first ideas

What do you know about this situation?

Label the diagram with keywords you know.

Add any details to the diagram that you remember.

Write a paragraph that explains what the diagram shows.

My self-tester: 10 questions

Question	Your answer	✓/X
1		
2		
3		
4		
5		
6		
7		
8		
9		
10
